Cleopatra's Secret

We offer you one of Cleopatra's secret beauty treatments, the milk and honey bath, combined with a divine honey massage exclusive to Ripple Massage.

The Legendary Queen of Egypt adored beauty and was renowned for her exquisite complexion. Cleopatra was known as a woman of surpassing beauty, lissome, intelligent, charismatic and seductive. Her beauty and charm allowed her to achieve great things in her short but adventurous life which she lived to the fullest. A Queen, a mother, and a very beautiful and desirable woman.

Just imagine yourself being treated with delicious boutique honey from the Numimbah Valley which is heated with warmed massage oil for this exquisite massage. You also receive a free gift box from Ripple Massage with a handmade honey candle, honey soap and a small pot of Numimbah honey to take home with you.

Whilst you are being thoroughly spoiled we prepare your special Milk and Honey Bath modeled after Cleopatra's own secret recipe, which we deliver to your private cosy cottage in a jug ready for use, together with some rose petals to decorate your bath once your personal massage therapist has left.

Why is it good for you?

One of the main ingredients of your bath, Milk, contains lactic acid, which helps to exfoliate your skin. The lactic acid in milk is an alpha hydroxy acid, which helps to cleanse the deepest layers of the skin.

Honey which is used for the massage and in your bath has an abundance of health properties. First of all, it is composed of sugars like glucose and fructose so it is also a gentle alpha hydroxy acid. It's made up of both minerals and vitamins to help nourish and heal the skin. Since it also contains phytochemicals that kill viruses, bacteria, and fungus, it's has a natural anti-inflammatory effect which heals wounds quickly.

Cleopatra's secret is available as a 2 or 3 night package including:

- Accommodation in your private cottage with your choice of BBQ or Gourmet Breakfast Hamper and homemade bread delivered to your cottage each morning
- A 2 hour Honey Massage exclusive to Ripple Massage for one of you
- A Milk & Honey Bath with Rose Petals delivered to your cottage after the massage treatment
