A Blind Date with a Book

During our travels, David and I came to appreciate the convenience of reading books on our digital devices. However, nothing beats the feeling of holding a real book in your hands, the texture of the paper, the look of the cover with the promise of a captivating story and hours lost away from reality, in a different world, away from the hustle and bustle of daily life.

Back on Tamborine Mountain, one of our first visits is to Janene Gardener's Bookshop and Art Gallery, Under the Greenwood Tree. Conveniently located only a 5 minutes walk from our cottages, I love exploring Janene's book display and admiring the ever changing arts display. Under the Greenwood Tree is a real gem to have on the Mountain, a secret the locals have long discovered and which we are very happy to share with you in our newest package, [A Blind Date with a Book](#).

The relaxing environment of your cottage, a captivating book, accompanied by a nice drop of wine. We think this is a match made in heaven and are excited to present you our newest package: A Blind Date with a Book. You'll find all the details and inclusions on our website.
